Dear Amendola's,

I recently purchased a Pergola to be placed in my yard. The work also entailed moving some sections and reusing a gate. I just had to let you know how hard Carlos worked and did such a wonderful job! I have always trusted Amendola's Fence and would never use another company. The installers, especially Carlos always do the right thing. They make sure the customer is satisfied. My husband and I are extremely happy with our Pergola.

Once again, thank you for such an outstanding job!

Sincerely,
Jill Dawideit
