To Amendola's Fence Co.:

I would like to sincerely thank you for your generous donation of the posts for the installment of the bird feeders at Sunrise Day Camp. Your donation made it possible for these feeders to be mounted. Sunrise Day Camp is currently the only day camp in the nation that is solely dedicated to cancer patients and their siblings. It offers them an outdoor experience so that they may escape from their hospital beds and enjoy time at camp. They will love learning about all of the new bird species that will be flying around camp. Once again, thank you tremendously for helping me complete my Eagle Scout Project.

In Scouting,

Michael Fingerman
